Makwanpur- 1 group -46

- Increasing trend of migrants and spouses to access health services (HTS centre) and using of contraceptive devices.

- PLHIV have been started Income generation activities by using revolving fund supported by RAB project.
- PLHIV are adhering to ART and safe sexual practices.
- High school students are also taking initiation to conduct public awareness program.
- Government line agencies (DDC and VDC) are also supporting to PLHIV support group by providing fund and sharing other resources.

Challenges:

- Migration of youth
- Illiteracy rate of women
- PLHIV - Orphan children (who have lost their parents by AIDS)
- Alcoholism
- Single women-PLHIV
